## **5. Major Discussion topic**

- Roles and responsibilities of Board of Directors,
- Capacity building needs of FPO leaders
- Business Planning and Market Linkage Strategies
- Improved Production Technologies
- Post-Harvest Management & Value Addition
  
- Opportunities for small-scale processing units under FPOs

## **6. Key Challenges Discussed:**

- Limited Managerial and Governance Capacity
  
- Low Member Participation and Share Mobilization
- Market Linkage Constraints
- Lack of awareness about financial schemes and subsidies
- Lack of proper storage infrastructure at FPO level

## **7. Proposed Solutions:**

- Strengthening Governance & Leadership Capacity
- Enhancing Member Participation & Capital Mobilization
- Strengthening market linkage by identifying reliable buyers
- Facilitate tie-ups with banks, NABARD, APICOL, PACS, and OSCB for credit
- The govt buildings or room from gram panchyat may be taken on lease and maybe use as storage godown.

## **8. Follow-Up Actions Planned:**

- KVK to assist each FPO in finalizing business plans based on priority crops and market potential
- Organizing buyer–seller interactions and establishing tie-ups with ORMAS, processors, traders, and institutional buyers.
- Capacity Building & Handholding Support
- Liaison with banks, NABARD, APICOL, and OSCB for working capital, input dealership licenses, and infrastructure loans.
- Planning for creation of storage structures, drying yards, grading and sorting units through scheme convergence.
